Best option N/A = Values were not available at time of printing. — = Not recommended. ¹Run time refers to the use of 2 pcs BLi batteries The runtimes are up-to times and correspond to work time using savE™, actual work, basic maintenance and movement./climbing needed for generic operations. Given guidelines are indicative only and may not always be repeatable from one setting to another. Required battery temperature for charging: 5 °C max. 40 °C.
